DEAR POULTRY CLUB MEMBER:

This blank is sent to all our Poultry Club members to secure uniform reports on the results of the club work for this year and to suggest a way of keeping records of your costs and sales so as to find your profit in your poultry management.

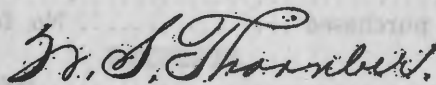

Keep an accurate record of your time, all costs, as well as your receipts, and write your story later and forward to your local leader who will mail it to me. If you do not have a local leader, mail direct to me.

Very truly yours,

State Agent in Charge of
Boys' and Girls' Club Work
U. S. Dept. of Agriculture.

Approved:

Director of Extension Dept.

Keep a strict account of your own time at 10 cents an hour. If anyone else helps you allow 15 cents an hour for actual time or actual cost to you above that.

Suggestions for Story, "How I Managed and Cared for My Flock."

Write in your own language the story of how you secured, housed and cared for your flock. Tell the ways you secured cheap but good food for them. Tell what you have learned this year through your club work, how you fed your little chickens, how and when you secured the most eggs, how you managed to provide exercise and a variety of feed for them. Tell how you produce high quality eggs and find a market for them. Tell about your club meetings and exhibits and other interesting facts from your experience and management. Pictures of yourself and your flock will always add to your story. If your story is well written and interesting we may send it to different newspapers for publication. Another report like this will be mailed to you in the fall.
